About Us

Custom Cast is a leading company that specializes in providing customized products through innovative 3D design solutions. Our team of experienced engineers and designers utilizes cutting-edge technology and equipment to create high-quality products tailored to meet the specific needs and requirements of our clients. We are committed to delivering exceptional results and ensuring customer satisfaction through our focus on quality, efficiency, and cost-effectiveness. With our dedication to innovation and excellence, we are poised to make a significant impact in the industry and help our clients achieve their goals.

Vision

Mission

Vision

"To be the leading provider of innovative and customized solutions through advanced 3D printing and injection molding technologies, while maintaining a commitment to sustainability, quality, and customer satisfaction."

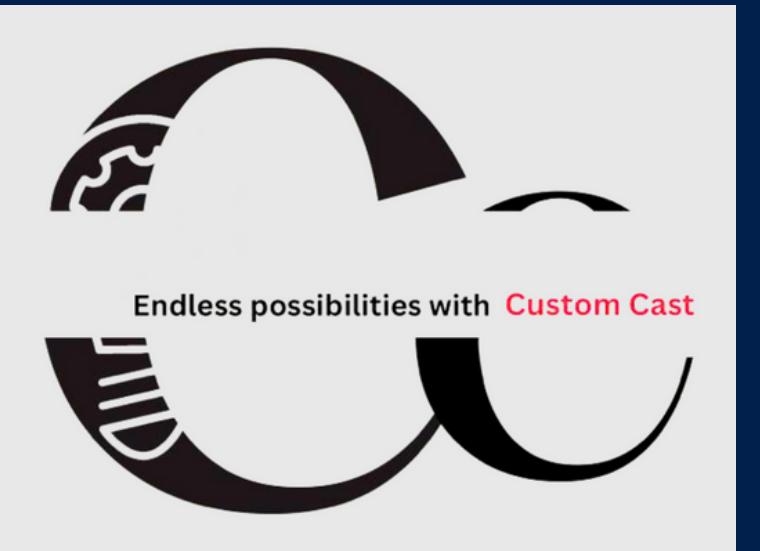

Mission

"Our mission is to provide innovative and customized 3D design solutions to our clients with a focus on quality, efficiency, and customer satisfaction. We strive to stay at the forefront of technology and continuously improve our processes to deliver the best products and services."

Our Logo and Website Link

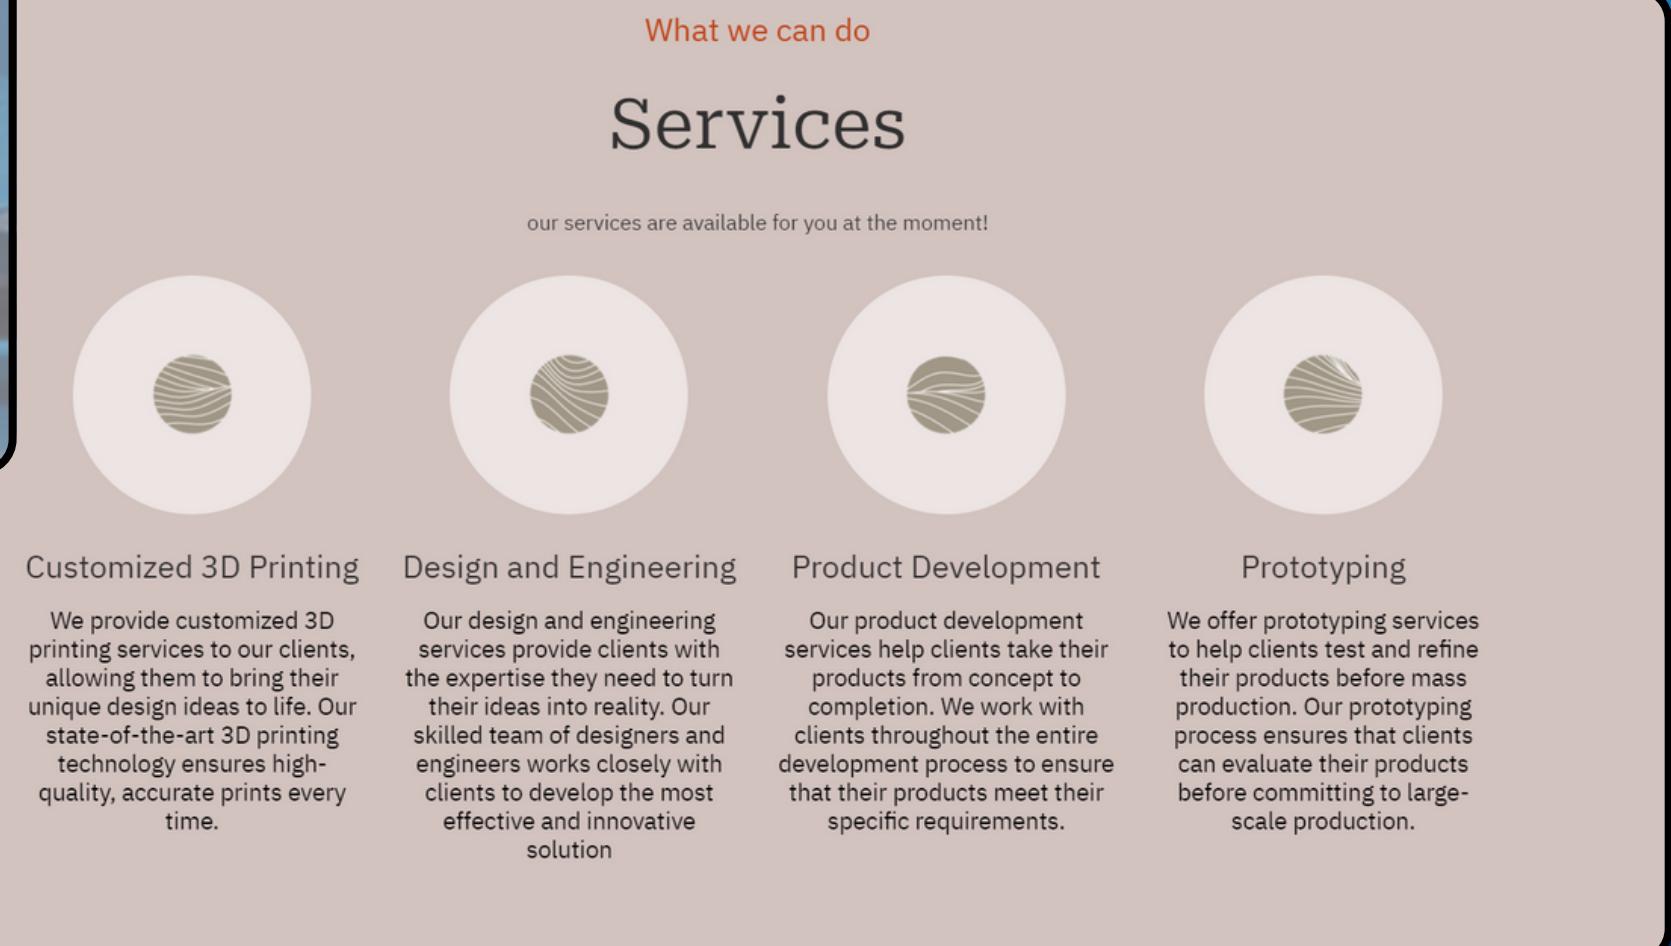

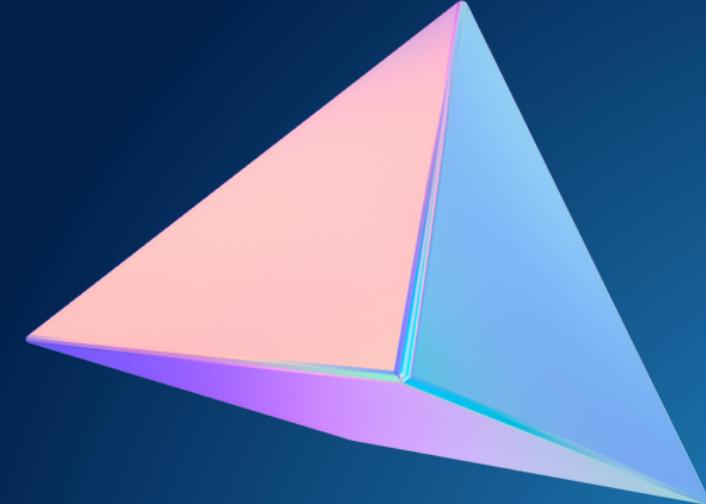

WEBSITE LINK:
<https://cordelia6127.hocoos.com/>

Website

The screenshot shows a website for "CUSTOMCAST.Co". The header includes a logo, navigation links for Home, Contact Us, About Us, and Products, and a contact form with a "CONTACT US" button. The main content features a large image of a 3D printer in operation, with the text "CUSTOMCAST.Co" overlaid. Below the image is a paragraph about the company's focus on innovation and quality, followed by a "MORE" button. The footer contains a URL: "https://cordelia6127.hocoos.com".

The screenshot shows a services page with a heading "What we can do" and "Services". It features four circular icons representing different services: "Customized 3D Printing", "Design and Engineering", "Product Development", and "Prototyping". Each service has a brief description below it. The background is light gray with a subtle grid pattern.

What we can do

Services

our services are available for you at the moment!

Customized 3D Printing

We provide customized 3D printing services to our clients, allowing them to bring their unique design ideas to life. Our state-of-the-art 3D printing technology ensures high-quality, accurate prints every time.

Design and Engineering

Our design and engineering services provide clients with the expertise they need to turn their ideas into reality. Our skilled team of designers and engineers works closely with clients to develop the most effective and innovative solution.

Product Development

Our product development services help clients take their products from concept to completion. We work with clients throughout the entire development process to ensure that their products meet their specific requirements.

Prototyping

We offer prototyping services to help clients test and refine their products before mass production. Our prototyping process ensures that clients can evaluate their products before committing to large-scale production.

About us

Welcome

Introducing our CEO, **Muhammad Saad** - a seasoned leader with a background in Electrical Engineering and a passion for innovation and creativity, Saad is poised to lead the company to new heights. He has honed his skills through various technical internships and has demonstrated his leadership abilities through his management roles in several university societies. His unique perspective, coupled with his ability to motivate and inspire, is the driving force behind the company's commitment to providing high-quality, customized products using cutting-edge 3D printing and injection molding technologies. With Saad at the helm, Custom Cast is poised for success and poised to revolutionize the world of product design and development.

We are professionals

Our team

Our team is experienced and dedicated to providing excellent customer service. We offer a variety of services tailored for individual needs, with flexible solutions that are always customized to meet our clients' goals. Our commitment to excellence makes us confident in delivering outstanding results every time.

Management Structure

Our Services

Customized 3D Printing

We provide customized 3D printing services to our clients, allowing them to bring their unique design ideas to life. Our state-of-the-art 3D printing technology ensures high-quality, accurate prints every time.

Injection Molding

We also offer injection molding services, allowing our clients to mass-produce their products with efficiency and precision. Our experienced team of professionals ensures that each product meets the highest quality standards.

Design and Engineering

Our design and engineering services provide clients with the expertise they need to turn their ideas into reality. Our skilled team of designers and engineers works closely with clients to develop the most effective and innovative solutions.

Prototyping

We offer prototyping services to help clients test and refine their products before mass production. Our prototyping process ensures that clients can evaluate their products before committing to large-scale production.

Product Development

Our product development services help clients take their products from concept to completion. We work with clients throughout the entire development process to ensure that their products meet their specific requirements.

Supply Chain Management

Our supply chain management services provide clients with end-to-end supply chain solutions. We work with clients to streamline their supply chain processes, reduce costs, and increase efficiency.

Dear Sales Department, (Custom Cast),

I hope this email finds you well. I am writing to you on behalf of Suntech Renewable, a reputable company in the renewable energy sector. We are interested in purchasing products from your esteemed organization, and we have attached a Purchase Order (PO) in PDF format with this email.

The attached PDF contains a comprehensive list of the products we wish to order from your company, along with the corresponding quantities and prices. We kindly request you to review the PO and confirm the availability of the listed items. If there are any discrepancies or modifications required, please let us know as soon as possible.

If you have any questions or require further clarification, please do not hesitate to contact me by replying to this mail. We value your partnership and look forward to a successful collaboration.

Thank you for your attention. We eagerly await your response and the confirmation of our order.

Best regards,

Muhammad Jawad Imran
Chief Procurement Officer
SUNTECH Renewables

 Procurement Supply Squad
to me ▾

Fri, Jun 30, 4:05 PM   

Dear purchase Department of custom cast

I hope this email finds you well. My name is Raees, and I am part of the procurement department at Supply Squad. I am reaching out to explore potential collaboration opportunities with your organization.

At Supply Squad, we pride ourselves on delivering high-quality products and services to our clients. As we strive to enhance our product offerings and broaden our supplier network, we have identified your organization as a potential partner that aligns with our values and goals.

We would greatly appreciate it if you could provide us with sales quotation for the following products:

Terminal Cables
Voltage Regulators
Magnetic Contactors
Circuit Breaker
Smart bulbs
Smart plugs
Security Cameras

To streamline the sales quotation process, we kindly request that you provide the following information:

1. Unit price for each product.
2. Specifications
3. Minimum order quantity (if applicable).
4. Delivery timelines.
5. Any applicable discounts or promotions.
6. Terms and conditions.

Additionally, we would be interested in receiving any relevant product catalogs, brochures, or samples that can help us evaluate the quality and suitability of your products for our needs.

Please send your quotations and any accompanying information to this email as soon as possible. If you have any questions or require further clarification, please do not hesitate to reach out at

to me ▾

I hope this email finds you well. I am writing to inquire about obtaining a sales quotation for circuit breakers and terminal blocks from CustomCast Company. I have been researching various suppliers, and after carefully reviewing your company's reputation for quality and reliability, I am particularly interested in exploring the possibility of purchasing circuit breakers and terminal blocks from your esteemed organization. However, before finalizing any purchasing decisions, I would appreciate receiving a formal sales quotation from your team. Please provide me with a detailed quotation for the following products:

1Pole MCB: Quantity required - 10
2Pole MCB: Quantity required - 10
3Pole MCCB: Quantity required – 10
3Pole RCCB: Quantity required – 10
4 position Terminal Block: Quantity required – 10

Additionally, I kindly request that the quotation includes the following information:

Unit prices for each product
Any applicable discounts or promotions
Shipping and delivery details, including estimated costs and timelines
Payment terms and options available

Please ensure that the quotation is itemized and includes any relevant specifications or product details. If there are any other essential factors or considerations that I should be aware of, please feel free to include them in the quotation as well.

Thank you for your prompt assistance.

Kind regards,
Hadina,
Procurement Department,

Dear Muhammad Saad,

I hope this email finds you in excellent health and great spirits. On behalf of the team at Smart Chain Solution, I am excited to introduce you to our exceptional range of products designed to revolutionize the way businesses operate.

We understand that your company seeks innovative solutions that not only streamline operations but also drive growth and success. That's why we are thrilled to offer you a personalized demonstration of our cutting-edge products. Our dedicated sales representatives will guide you through the features, benefits, and customization options, allowing you to make an informed decision that aligns perfectly with your goals and aspirations.

At Smart Chain Solution, we believe in building long-term partnerships based on trust, reliability, and mutual growth. Our focus goes beyond mere product sales; we aim to empower your company with solutions that can unlock new horizons of success. With our range of products, we are confident in our ability to propel your business forward.

I have attached our comprehensive product catalog for your reference. It provides detailed information about our offerings. If you have any questions or require further clarification, please do not hesitate to reach out to our dedicated sales team. We are here to assist you every step of the way.

Thank you for your time, and we eagerly look forward to the opportunity to serve your company and embark on this exciting journey together.

Warm regards,

Syeda Farwa Batool

Special Thanks

we are sincerely grateful to **Sir Fahad Qadeer** and **Mam Mehak** for providing us with the opportunity to intern in the **supply chain department at Zimco International**. Their guidance and support have been invaluable in my professional growth. Sir Fahad's expertise and passion for excellence inspired us, while Mam Mehak's attention to detail and dedication optimized our learning experience. We are thankful for their trust and belief in us and for the knowledge and skills I gained during our internship

Thank You
